Lost.—At Victoria Park on Wednesday afternoon 21, a lap robe fader will be rewarded by returning same to Thos. Collett.

After seeing the Juvenile Bostonians last Thursday evening eight or nine couples visited the cafe managed by Mrs. Wilbeck and partook of a chicken supper, all voted the meal first of class and expressed the opinion that the cafe must become famous all over the west because of the excellence of its table. Even the "chronic kickers" find his occupation lost after he has eaten at this cafe for there is absolutely nothing which he can demand that has not been liberally provided for.

We feel that our Company is too well known to all Utah people to need any mention at all, but for the benefit of others, we will say that we have one of the largest Optical Stores in Salt Lake City, and during the past ten years our representatives have visited nearly all of the Inter Mountain towns.

In opening up Alberta, we are sending Dr. Murchison, one of our oldest and best known men, and we can guarantee you the same high class work that you would get if you were to visit our store in Salt Lake City, so if you or any of your family or friends have any trouble whatever with your eyes, do not fail to call during his stay in your town.

Are you going to the dance to night.

Mr. G. W. Wray of Millbank Ontario, was visiting with his brother Dr. Wray, this week.

Best diggers are busy digging beets, and report the beets in excellent condition and plenty of them.

Owing to the engine being moved to the pump house and the lack of wind Raymond has been "dry" for the past few days. Cheer up we will have water works yet.

For Thanksgiving day, October 31, 1910, the Canadian Pacific Railway Company are authorizing a rate of fare and one third for the round trip. Tickets will be on sale Oct. 28 to 31 inclusive. Final return ticket November 2, 1910.

The meeting at the Meeting House on Sunday evening next will be one of great interest. The Church School staff will occupy the time in speaking. A good program has been prepared and a good time is promised. All are invited to attend.

A social gathering was held by the Ladies Aid of the Presbyterian Church on Friday evening last. A good program was rendered and a good time was had by all present. A delicious lunch was served by members of the association.

If your eyes trouble you, do not fail to call and see Dr. Murchison, who will be in your town soon.

The Raymond Church Society held a meeting last Wednesday evening for the purpose of raising a fund to defray the expenses of a contest which is to be held at the Alberta Hotel, Banff, at Edmonton some time in May. The proposition was made by members of the Magrath and Cardston organizations that the three towns unite and enter this competition. It was decided that they would enter this competition. With united efforts these three organizations which will number 150 voices will make it likely for the competing choir at Edmonton.

High class Optical work done by representatives of the Alexander Optical Company of Salt Lake City will be here soon.

Taber Oct. 10.—A flow of gas was struck on Saturday morning in the well being drilled for the town by Mr. Knight, Victor Reed's town. The depth is about 100 feet. The depth is less than 700 feet, and it is fully expected that gas will be found in paying quantities at a greater depth. Mr. Knight's contract calls for 7500 feet. The gas department here was visited on today, and the fact that gas had been struck is probably the reason why so many ratifiers turned out to vote on it. Fifty seven ballots were cast all in favor of the by-law which was framed to enable the town to raise \$1,000, to bore for gas, etc.

One of the best parties of the season was given by the Mutual Improvement Association on Tuesday evening. The event was the opening of the Young Men's Mutual meetings. There were present about 200 people, a good program was rendered and with the very good games the party was made very interesting and amusing. One of the best amusements was the editing of local and imaginary happenings, at this the competition was very keen, and caused a great deal of laughter at the expense of members of the party. "Stepping Stones to Literature" was played by four men and caused considerable amusement for those watching the event. The Raymond Military Band was present and assisted in the program. Messrs. Craven and Lee entertained the party with some jokes etc. All present enjoyed themselves and the outlook for this seasons work seems to be good.

Amelia H. Allred Called Home

Died.—At her home on Saturday October 8th, Mrs. Amelia H. Allred, beloved wife of J. U. Allred, aged 33 years.

All the care and love that skilled physicians and anxious friends could devise and apply for her comfort and assistance were brought into play, but the fiat of Him who rules our incommensurable and guineas had been issued, despite the prayer and entreaties of those who knew and loved her, their appeals were overruled. She leaves a husband and four children to mourn her loss.

Mrs. Allred has been a very active worker in the Mutual Improvement Association of the Taylor Stake and for the past two yrs. has been President of this association, and was loved by all who knew her.

The funeral services were held at the meeting house Monday afternoon, the house was filled to overflowing with friends and relations.

There were present people from almost every ward in the Taylor Stake. The Speakers were as follows: Bro. John Anderson, Mark H. Brimhall, J. E. Hillson, Wm. Reed, Green Woolley, of Magrath, B. S. Young and J. W. Evans. The services were furnished by members of the congregation.

When she fell upon the house a sudden gleam
A shadow on those features fair
And softly, from that hushed and darkened room,
Two angels issued where but one went in.

Dedicated in memory of Sister Allred, who departed out of our midst October 8th 1910.—By C. S.

God Spoke in a wondrous way, when he bade her spirit come
One so active, true and good, full of faith so sweet and strong,
One that lived and worked for Him in the cause of Souls Salvation,
We can never count the fruits which will live through generation.

She was true in Gods great cause, true and faithful to her labor
She has won her sisters hearts and her brothers love and favor,
And while deeply now we mourn, at the loss that is so belated,
May we understand His ways and just listen to His calling.

She has gone now—who will take up her place and faith-ful labor,
True and firm in Gospels cause,
Seek the young and erring wand, like her?

Like her, let us humbly try to perform the work He gives
Let us work while day light lasts leading others unto heaven.

Rest now sister,—may the Lord richly reward thee on the morning when his voices will gently call thee to life and greater glory:
May he tenderly protect those you left in deepest sorrow
Keep them in the narrow path till they meet you on the morrow.

When all pain is over and we are free,
Where in gladness we shall gather
To receive a great reward by a just and loving Father.
There shall parents be united children to our bosom pressed
Sorrow vanished, Death departed,
Our Soul at peace and rest.

Chas. H. Walker Dies Suddenly

Was Formerly A Resident of Raymond

Charles H. Walker, son of Jas. Walker of this place died at the Holy Cross hospital at Calgary, on Saturday last at the age of twenty-two years, from quick dropsy.

The young man had been troubled for the past two years. He was taken to Banff some months ago for treatment, and his condition became so improved that he went to Calgary and was further being treated for the disease. It was thought until a few days ago that he was on the road to recovery but a sudden change came, and he passed away very suddenly.

Deceased came to this country with his family, from Coalville, Utah, about six years ago and located in Taber, where he resided until a couple of years ago, when he took up a homestead south of Grassy Lake.
The remains were interred in the Grassy Lake cemetery. The bereaved relatives have the sympathy of the community.
Grassy Lake Pilot.

The Juvenile Bostonians

Their first audience of Thursday night. The troupe was strong throughout Roseberry, the clever little star of the company was at home as Barney Branigan, and her delightful humor pleased the audience.

It would be hard to choose a favorite among the other members, but too many cannot be said in praise of any of them. Miss Thos. Hellen was perhaps a first choice in solo work her beautiful soprano voice showing at best in "The Garden of my Heart." Doris Canfield was very good, her interpretation of the comic songs won for her a place in the list of favorites.

On the whole the production was first class, and this company of clever artists well deserves a place among the higher class of comic opera.

The band boys are to be complimented on their efforts to bring this class of entertainment before the public and they promise another musical treat in the Musical Ekkards who will appear at a later date.

Spokane, Oct. 7.—During Wednesday afternoon the credentials committee by Chairman J. Miller, made a report and awarded the silver trophy cup given by the chamber of commerce for the largest attendance of any county or body of representatives from father than 100 miles to the delegation from Montana.
The rules were read and the delegates had to be registered before midnight, Oct. 4.
Montana had 94 delegates Alberta had 65 and 25 more registered after the time limit set. Idaho had 52. South Dakota 33 and Minnesota 20. Alfred J. Alkins accepted the trophy on behalf of the delegation.—Ex.

The Taylor Stake Academy is
expected to open in a short time so
everyone who is interested in edu-
cation should "Boost for the
Church School"

The best way to keep friends is
to know their faults and still like
them.

Excuse their faults because you
've a bunch of them yourself.

Somebody claims to have dis-
covered a substance 300 times sweeter
than sugar. The substance is sup-
posed to be sugar.

In our last issue under the name
of "A Citizen" appeared a letter
asking for the whereabouts of J. E.
It was supposed by all, that the
difference between J. E. and the
Mayor were settled and we think it
best not to say any thing further
in regard to this matter, as it is
best to let the sore heal while to
keep prying into it will make mat-
ters worse.

Beet digging has commenced.
How many acres of beets have
you in this year?

The advice given at the last
conference was, "Get your land
ready now for beets next year."
Every one should have at least five
acres of beets in next year.

It is the duty of every citizen of
Raymond to support the different
enterprises in our town. Do your
trading in your own stores, keep
your money home where you will
receive benefit in years to come.
What if you can do a little better
in some other town, it will pay you
to patronise home industry in the
long run. If you do this you can
expect support from your towns
people.

One of our citizens received the
other day a parcel from Hamilton
Ontario. The express on this parcel
from Hamilton Ont. a distance
of some 2000 miles, was thirty cents
and from Lethbridge to Raymond
the distance of 28 miles was 25 cents
The C.P. R. Co. is said to control
both lines. Why the difference in
express?

This is not the only complaint

We have begun to regard to this
matter but there are many other
of the same kind.

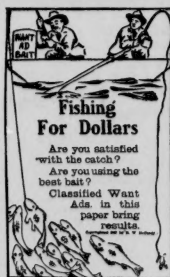

What is to be done in regard to
this kind of treatment to the local
people? Something should be done
to cut the rate from Lethbridge.
But What? Is the question.

There is nothing that calls at
tention and draws the people to
a town equal to a good newspaper
in order for a man to make a
good newspaper he must have
the patronage of the people
among whom he lives. If he has
halfway support it stands to reason
that he must have a poorer
paper, and in doing this every
man in the town and surrounding
country has to bear a portion of
the loss. For this reason, if for
no other, the man who tries to
make a good newspaper should
have the support of his town
people. all of whom reap fully as
much benefit from his efforts as
he does himself.

Be strong!
We are not here to play, to dream,
to drift,
We have hard work to do and
loads to lift.
Shun not the struggle; face it. 'Tis
God's gift.

Be strong!
Say not the days are evil. Who's
to blame?
And fold the hands and acquiesce.
Oh, shame!
Stand up, speak out, and bravely
in God's name

Be strong!
It matters not how deep entrenched
the wrong
How hard the battle goes, the day
will come.
Come the song.

POACHERS' SNARES

THOUGH private gamekeepers in the United States are not so numerous as in England, where poaching is a very ancient and hot business, poachers are not so numerous as in England, where poaching is a very ancient and hot business. Poachers are not so numerous as in England, where poaching is a very ancient and hot business.

When a poacher finds a number of snares set, he will put a dead hare or rabbit in one, scratch up the ground and leave it to appear that the animal had struggled in a natural manner, connect himself near by, and take the poacher's 'trap' when he next comes to his snare.

The usual way of collecting pheasants is for the poacher to set a trap with a light gun, using a very small charge, so as not to startle the bird with which he kills the birds in the trap.

BROWN'S wooden leg had been painful for some time. He was sitting in his chair, looking at his leg.

"Mr. Brown has been thinking," said the doctor, "that you should have a new leg made."

"I have," said Brown, "but it's not the same as the old one."

"Why not?" asked the doctor.

"Because it's not the same as the old one," said Brown.

A MONEY BACK HAIR GROWER & DANDRUFF CURE

Read what Mrs. H. Lawrence 168 W 17th Street, Holland Mich writes about the marvelous result obtained from the use of Parisian Sage, the delightful hair tonic, which is now on sale all over Canada.

"For several months my hair had been falling out, and dandruff also appeared. I used some so-called hair tonics and renewers, but never received any relief from the scalp disease until I procured Parisian Sage and used it for about two weeks. Parisian Sage made the hair stop falling out and caused it to grow in quite heavily, stopped the dandruff, and made the scalp cool, clean, comfortable. It also makes the hair silky, and does not make it stiff or sticky. I endorse the use of Parisian Sage. It is all right."

—Oct. 30 1908.

McDuffee Bros. is the agent for Parisian Sage in Raymond and he thinks so well of it that he guarantees it to cure dandruff stop falling or splitting hair or itching of scalp in two weeks, or money back.

It will make any woman's hair soft and luxuriant in a few days. Price 50 cents a large bottle at McDuffee Bros. or direct, all charges prepaid from the Canadian makers, the Giroux Mfg. Co. Fort Erie, Ont.

A GOOD POSITION Can be had by ambitious young men and ladies in the field of "Wireless" or Railway telegraphy. Since the 8 hour law became effective, and since the Wireless companies are establishing stations throughout the country there is a shortage of telegraphers. Positions pay beginners from \$70 to \$90 per month, with good chance of advancement. The National Telegraph Institute operates six official institutes in America, under supervision of R. R. and Wireless-Official and places all graduates into positions. It will pay you to write them for full details. D. Desport, 1000 Portland, Ore. or Minneapolis, Minn.
